

French Schools in the Province of Ontario, Canada starts implementation of the Kids'ISO14000 Programme from April, 2010

The signing ceremony between ArTech and the Council of public schools in the Province of Ontario (CÉPEO; Conseil des écoles publiques de l'Est de l'Ontario) in Canada on cooperation on implementation of the Kids'ISO14000 Programme was held at the United Nations University – New York Office in New York City. On January 18, 2010, 8 delegations from the CÉPEO attended the ceremony.

Canadian Delegations

1. **Georges Orfali**, Chairman, CÉPEO
2. **François Benoit**, Director of Education, CÉPEO
3. **Jean-Pierre Dufour**, Superintendant of Education, CÉPEO
4. **Serge Boulé**, Researcher, CÉPEO
5. **Roch Landriault**, Director of technical services, CÉPEO
6. **Douglas Rancier**, Architect, CIVITAS (Supporting company)
7. **François Lemay**, Engineer, GÉNIVAR (Supporting company)
8. **Joël Primeau**, Engineer, GÉNIVAR (Supporting company)

ArTech side Delegations

1. **Takaya Kawabe**, Director General of ArTech
2. **Terence A Todman, Jr.**, Executive Director, North America, Kids' Environmental Education Project of ArTech
3. **Masahiro Kozuma**, Director of Japanese Children's Society in New York, Eco-Kids Instructor Level 2
4. **Jean-Marc Coicaud**, Director of UNU-ONY
5. **Wang**, the researcher of UNU-ONY

The Canadian group plans to start the implementation in French language public schools from April, 2010 to 140 students. Moreover, from September 2010, the number of those who carry on this program is planned to increase to more than 10 times, and in the next year 2011, to 9000 students in the Province of Ontario.
